THIRD SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Herr Jürgen Stiel, house patent counsel for the assignee of the subject application, received two e-mails from Lex Bruggers, Manager of Technical Product Information of Goss/International. The first was sent to Herr Stiel on February 4, 2011, and the second was sent on Friday, February 11, 2011. Copies of both are enclosed. Both were forwarded to the undersigned by Herr Stiel on Friday, February 11, 2011.

The e-mail from Herr Bruggers to Herr Stiel of February 4, 2011, included two drawings, each with a handwritten notation of "Arandell USA" in the margin. Also included were two Purchase Change orders, each dated January 13, 2004. There was further included what appears to be a bill of lading, also annotated as "Arandell USA". It appears to indicate a shipping location of Bremerhaven and a date of February 26, 2004. It also appears to indicate a destination of Baltimore and an estimated date of arrival of March 12, 2004.

The second e-mail of February 11, 2011, from Herr Bruggers to Herr Stiel was accompanied by two drawings and an Equipment Description. The two drawings

appear, to the undersigned, to be identical. Enlarged portions of the several legends on each drawing are enclosed. The Equipment Description is dated December 19, 2003.

In accordance with 37 CFR 1.97(d)(1), no item of information enclosed in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign patent application and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in this Information Disclosure Statement was known to any individual designated in Section 1.56(r) more than three months prior to the filing of this Information Disclosure Statement.

The fee of \$180.00, in accordance with 37 CFR 1.17(p) is to be charged to the deposit account, No. 10-1213, of the undersigned.

The enclosed materials are neither admitted or denied to be prior art to the invention disclosed in the subject U.S. patent application. They are being submitted in accordance with conservative practice. Entry of these materials into the file of the subject U.S. patent application is respectively requested.

Respectfully Submitted,

Erwin Paul Josef LEHRIEDER et al.
